Sorry, but I need it before 10am.
Is it doable? You can call me if you have questions
Thanks
Thuy

Got it! Goal is to incorporate the comments and have a "final" version for the press release?

By when do you need it back from me?

I think the edits are a little picky.

But can you go through them since I have been through them many times.

You can start using this version. I will send you another version with my answers to her comments

Thanks

Thuy

Kimberly

Based on today's meeting with the containers' group about PFAS formation during fluorination, I have added a new paragraph in the cover memo, under the Conclusion section.

I did send this revised memo over to Tracy Williamson and Tristan Butler for comments. This attached version includes their comments.

Let me know what you think

Thanks

Thuy

Tala, do you have any comments on these? Ed has cleared, but wanted to make sure you had the chance to review as well.

For the 3:00 with Michal, please see attached for a working draft of the PFAS rinsate data and cover memo. Appendices are in the PDF. I've included my comments on the word version of the cover memo in the interest of time, thinking that you both can add your comments to the same file for Thuy and Yaorong.

Let us know if you have any questions. Mike, can you send me the invite to the 3:00? Or, I can pull the link off of your calendar. Many thanks.

Attached is the cover memo of the report for your comment/edit. It still has "DRAFT" watermark. I will remove it after your review

The pdf of the full report is also attached here

Let me know if you have any question

Thanks
